Dear Customer:

Thank you for your interest in bank drafting.

If you would like to have your utility payments drafted, please fill out the enclosed authorization agreement and return it to us along with a voided check.

Your bank account will be drafted 20-25 days from the actual bill date.

**Your agreement for preauthorized payments will remain in effect until the Town has received written notification from you stating you wish to terminate bank drafting of your utility account. The Town will need a minimum of 30 days notice before canceling this agreement. Please do not close your bank account until you have verified with the Town that no outstanding draft payments exist.**

Even though your account is being drafted, you will still receive your monthly utility bill. If after receiving your bill, you feel there is a problem with the amount due, please contact our office before the draft date. Please remember also, that if you change banks or bank account numbers, you will need to contact the **Town of Waynesville Utility Office** and complete a new draft authorization form.

In most cases, we will be able to draft your account in the same month the form is presented, but in some cases, depending on your billing date, it may be next month's billing cycle before we can draft.

If you have any questions, please call (828) 456-3515.

Sincerely,

Town of Waynesville
