## SECTION 1.0 - REQUIRED SOFT/HARDWARE AND GETTING STARTED

---

### 1.1 Required Software and Hardware

To use the electronic *Allocation Application*, you will need a computer system that can run the software listed below:

- The AMIS electronic application can run on any computer with an Internet connection and we recommend the browsers Google Chrome or Microsoft Edge.
  - Chrome applies updates automatically. We make every effort to test and support the most recent version. There are no configuration recommendations for Chrome.

**TIP:** Start completing the electronic application early. The CDFI Fund **will not** grant extensions to individual organizations experiencing technology problems or to organizations unable to submit due to system slowdowns near the application submission deadline. Discovering technology issues early will allow the CDFI Fund to assist organizations in completing the application process by the deadline.

### 1.2 Getting Started

Access the pdf format *Allocation Application* found on the CDFI Fund's website at <http://www.cdfifund.gov/nmtc>. Scroll down to "How to Apply Step 2," use the document as a guide for the information needed to complete the electronic application. Gather appropriate application documents and data prior to starting the electronic *Allocation Application*.

## SECTION 2.0 - GETTING HELP

---

## SECTION 5.0 – USER INTERFACE NAVIGATION AND FORM FEATURES

---

### 5.1 Saving and Completing a Section

When you click “**Save**” at the bottom of a subsection page, the application will SAVE your answers and run any validations configured for that subsection and questions. You will receive on-screen error messages and guidance based on the validation rules. After clicking **Save**, you can navigate away from the subsection and your answer will be saved. **Please Note: If you navigate away before you click save you will lose your responses/answers. REMEMBER TO ALWAYS CLICK “SAVE”.**

To complete a subsection, fill in all necessary fields. All required fields are marked with a red \*.

(1) Enter Percent (%) of Non-Real Estate Activities *	<input type="text"/> %

**Sample Required Field**

At the bottom of the page click the **“Save”** button.

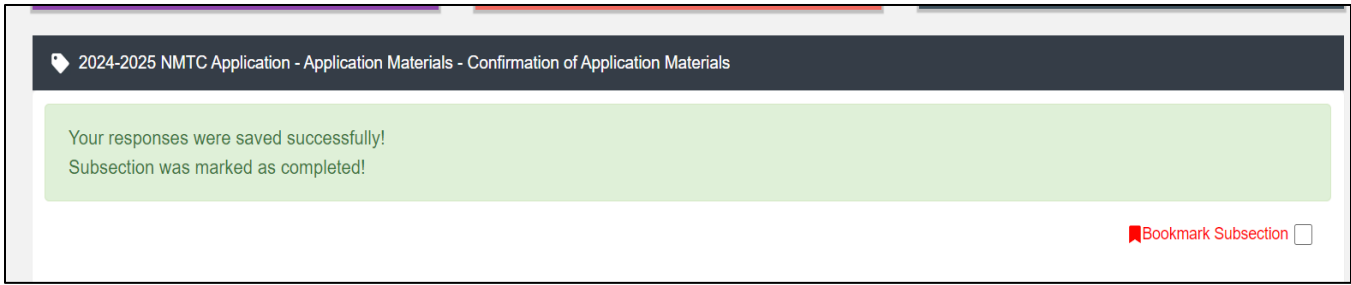

**Save Button**

The application will save all responses. If any of your responses fail validation, the subsection cannot be Marked Complete. Any validation errors or guidance will be displayed. For example, a field left empty will display “this response is required.”

## 5.3 Validation Rules, Error Messages, and Guidance

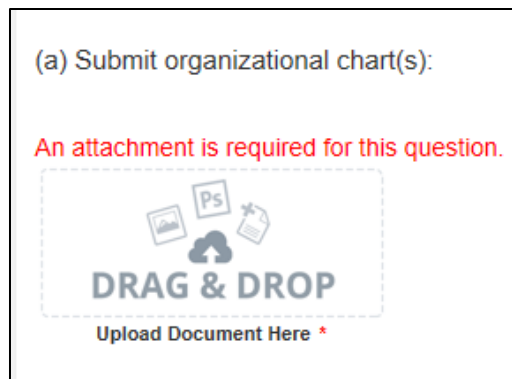

There are validation rules associated with required fields and other information in the application. When you **Save** a subsection, all validations will be executed. If there are errors detected, you will see error messages displayed by the field that needs to be adjusted. Please follow all error message guidance accordingly.

These errors may range from inputting an invalid value to omitting a required field. For example, you may be asked to upload documents using the Drag & Drop feature.

**Upload Attachment Required Field**

If you skipped over this required document upload feature, you would receive the following error message when you try to save:

**Missing Attachment Error Message**

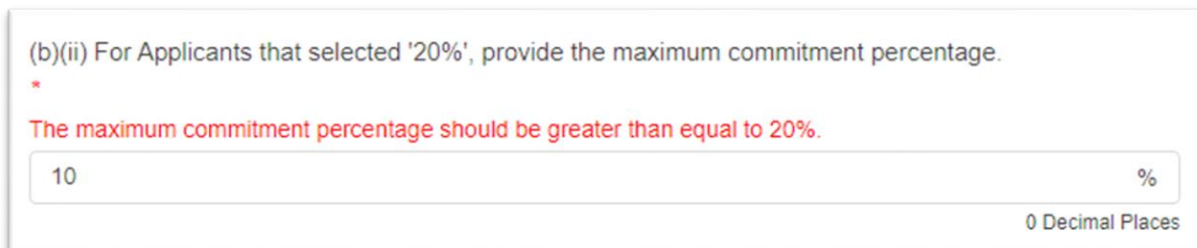

You will receive a similar error message if you omit a response in any other required field, like the picklist field below.

**Missing Required Field Error Message**

If left blank, you will receive an error message "This response is required."

In numerical entry fields, there are often specific guidelines the applicant must follow. For example, in the field below the percentage value entered must be more than 20%.

## Numerical Entry Error Message and Guidance

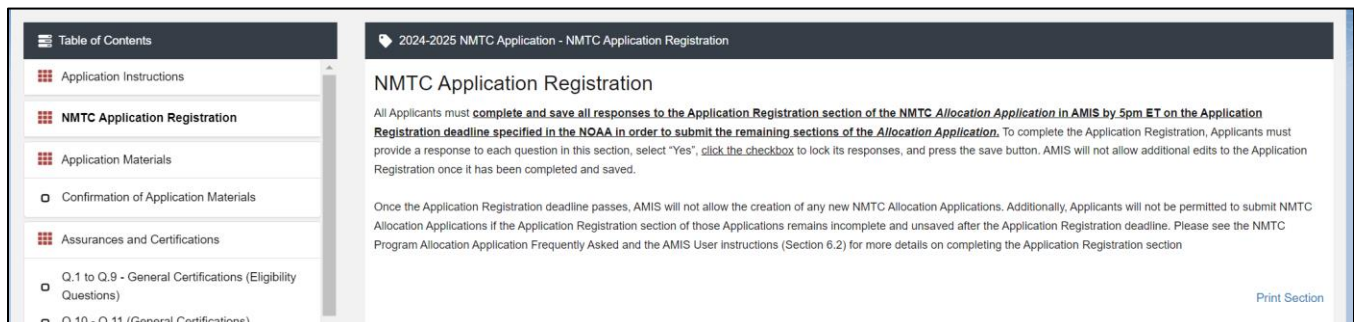

If less than 20% is entered, you will receive guidance that activities must be greater than 20%.

The guidance provided in these error messages will give you a clear idea of how to correct the validation error.

### 5.4 Application Registration

The Application Registration is the first step of the NMTC Application, and it must be completed by 11:59 PM (EST) on the date specified by in the CY 2024-2025 NOAA. If the Application Registration is not completed by this time, the NMTC Application Status will be changed to Abandoned. Abandoned Applications cannot be edited or submitted.

Most of the questions in the Application Registration are pre-populated with your organization's data in AMIS. Changing your organization's data in AMIS will also change these pre-populated responses.

### NMTC Application Registration

Section **6.2 Application Registration Details** contains more information for completing this part of the NMTC Application.

### 5.5 Dependent Questions and Subsections

Responses to some questions will trigger the applicability of other dependent questions or subsections/tables later in the application. Be careful when changing the responses to these types of questions because the answers you input in earlier sections may affect the required fields and dependent subsections you will have to complete later in the application.

10. The Applicant and its Affiliates have never filed for bankruptcy.

For Applicants

True

For Affiliates

11. The following entities are not federally regulated financial institutions currently under any Enforcement Action from any federal regulator.

**Sample Questions with Possible Dependent Questions**

A **Dependent Question** will appear on the question page you are editing when your response requires additional responses or explanations. For example, if you select False from the picklist in response to Q10, a text box requiring an explanation of your answer will appear.

10. The Applicant and its Affiliates have never filed for bankruptcy.

For Applicants

True

For Affiliates

False

Question 10 Affiliate Explanation - If you answered 'false' to Question 10, you are required to provide an explanation.

1000 Characters Remaining

**Dependent Question**

Dependent questions typically are required fields.

For all questions requiring a narrative response, please note that each text response field has an identified maximum character length (which, depending on font size, will range from about a third of one page to about two pages.)

These character maximums include spaces, punctuation, and special characters. The text box will not allow you to exceed the maximum character limit. If you are copying a response from another source, please make sure you are within the character limit or the **text box may truncate your response.**

### Character Maximums for Text Responses

**TIP:** Before using the electronic *Allocation Application*, type your narrative answers into a separate word processing program (e.g., Microsoft Word). Then copy and paste the answers into the appropriate sections of the electronic application. This will prevent the loss of information if you encounter problems saving your application or connection problems. It will also cut down on the time you spend directly filling out the application online. When copying and pasting the narrative responses from a word processing program into the narrative text box, any special indentations or spacing will not carry over. Formatting, such as bold, italicized, or underlined text, will not display in the narrative.

To copy and paste information in a Windows platform from a MS Word file or other word processing file:

1. Go to the document with the appropriate text.
2. Highlight the information you wish to paste. **Press and hold down the Ctrl button, then press C.** Alternatively, you can press the right button on your mouse and then select **Copy**.
3. Go to the electronic application. Click in the applicable text box. **Press and hold down the Ctrl button, then press V.** This will paste the information into the text box. Alternatively, you can press the right button on your mouse and then select **Paste**.
4. The text boxes only allow basic text. Any formatting (e.g., italics, bold, bullets) will be simplified to a basic font. Charts and tables cannot be pasted or created in the text boxes. Additionally, you will not be able to check for spelling or grammatical errors within the electronic application.

A **Dependent Subsection** is a subsection that is enabled or disabled for the applicant to complete based on input the applicant has entered in the application. This feature is designed to make it easier for you to navigate the application by disabling sections that do not apply to your application.

In the example below, applicants are asked if they have a track record of providing loans/equity investments to certain groups. If an applicant had such a track record, they would be required to complete several tables later in the application detailing this record.

**Enabled Dependent Subsections**

If you have not yet selected an answer or do not select “Yes”, the corresponding tables (B1-B3) will not be visible in the navigation bar. Only after selecting “Yes” will the tables appear for you to complete.

If you select “No”, you will not be required to complete these tables. Once you click “**Save**”, those tables will disappear from the navigation bar

**Disabled Dependent Subsections**

It is important to complete the application in numerical order because questions in earlier sections may trigger or disable dependent subsections later in the application.

List of Dependent Questions and Subsections:

1. Q. 3 in the Application Information section - Is the *Applicant* Designating a *Controlling Entity*?
  - a. A “No” response hides the *Controlling Entity* Certification page and Q. 5b
2. Q.13(b) (i-iv) Table - QLICI Uses and Activities
  - a. Q. 13b(i) – Investments in, or loans to, Qualified Active Low-Income Businesses (QALICB)

## 5.8 Dynamic Record Tables

The NMTC application may require the applicant to enter a list of records, like Projects or Transactions as part of the application. These records are a series of questions that are repeated to the applicant and are collected dynamically through the application. An applicant may need to add 2 records or 15 records depending on the application question.

The application features both dynamic record entry tables and direct-entry tables. (For instruction on entering data into direct-entry tables, please see section 5.9).

You will recognize dynamic record tables by the page setup. When you open a new subsection with one of these tables, an empty table field will be displayed below the table instructions at the top of the page. As you add records to the table, they will appear in this table overview section.

### Dynamic Table Buttons and Footnotes

To add or edit dynamic table records:

1. Complete the field entry form for your first record. On the form you will see:
  - a. Record Number – Example “1,2,3,4”. This is your record number. Once you save, this will become the number of the row in the table overview where it will be hyperlinked, allowing you to return to the record at any time. This field allows up to one decimal place.
  - b. Totals or Roll-Ups – You will not enter any information into these fields, rather, they will display results of calculations based on the data you input into the rest of the form. When one or more fields are totaled across all records it will be displayed as shown and labeled accordingly. Sums are updated with each save.
  - c. Record Questions and Responses – Enter your responses to the questions for this record collection. When all fields are complete, click “**Save**”.

## 5.9 Direct-Entry Tables

The NMTC Application will require the applicant to enter table data. These direct-entry tables are configured to collect specific data and are easy to navigate. Unlike dynamic record tables, direct-entry tables allow you to input your data directly into the table.

Calendar Year(s)	2013	2014	2015	2016	2017
1 Total # CDEs financed	<input type="text" value="1"/>	<input type="text" value="1"/>	<input type="text" value="1"/>	<input type="text" value="1"/>	<input type="text" value="1"/>
2 Total \$ amount of financing	<input type="text" value="\$ 100,000"/>	<input type="text" value="\$ 100,000"/>	<input type="text" value="\$ 100,000"/>	<input type="text" value="\$ 100,000"/>	<input type="text" value="\$ 100,000"/>
3 \$ Amount of financing (debt)	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>
4 \$ Amount of financing (equity)	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>	<input type="text" value="\$ 50,000"/>

Sample Direct-Entry Table

In the sample table above, you can see that a direct-entry table simply allows you to enter responses to multiple question rows for a number of different columns at the same time.

To navigate the table, simply use the “left to right” slide bar. If the number of columns exceeds the standard screen format, the slide bar will allow you to access the columns to the right. If using the Tab key during data entry, please note Tab moves the cursor to the field in the column to the right.

Some tables have formula fields that auto-calculate a sum based on the formula configured and the table data entered. These fields will populate as you are updating the table once all table fields included in the embedded formula are entered. Sum calculations only display after clicking SAVE.

2018 YTD	Totals (2013-2018)	Totals to Business (2)
1	6	
\$ 100,000	600,000	\$
\$ 50,000	300,000	\$
\$ 50,000	300,000	\$

To generate a PDF version of the application:

1. Navigate to the stationary menu bar at the top of the application.

**UI Menu Bar**

2. Select **View PDF**.

**View PDF**

3. This will open a PDF of the application and your organization's responses in a new window. Download and save the PDF using your browser's download function.

To view the PDF from the Program Profile page:

1. Log in to AMIS.

2. Click on the “Organizations” tab and select your organization. On your organization’s detail page, navigate to the Active Program Profiles related list.

## SECTION 6.0 - INSTRUCTIONS FOR SELECTED SPECIFIC QUESTIONS

**TIP:** The best strategy for filling out application questions must be completed in numerical order to ensure accurate saved responses in the electronic application. Answers to certain questions may affect other parts of the electronic application. You may be required to fill out additional questions/exhibits or prevented from filling out questions/exhibits based on your responses to previous questions.

### 6.1 Allocation Application Homepage

- 1) When you first enter the electronic application, you will be required to certify that you have read all the resources provided by the CDFI Fund.
- 2) You will also be notified with an alert message if the organization through which you are applying is certified as a *Subsidiary CDE* in the CDFI Fund’s IT systems and, as such, is not able to apply for an *NMTC Allocation*. You will not be able to continue to the *Allocation Application* if you receive this alert. If you require information technology assistance in

using the electronic *Allocation Application*, please submit an AMIS Service Request (set the Record Type to “General Inquiry” and the Type to “NMTC – AMIS technical Problem”). Use of AMIS Service Requests is the best method to submit and track your request. The *Allocation Application* must be submitted by the parent *Applicant* CDE by logging into the parent *Applicant* CDE’s AMIS account and using that account to access the electronic application.

## 6.2 Application Registration Details

The Application Registration consists of 7 questions. Some of the questions have multiple fields to answer (e.g., mailing address). In total, 25 fields will be submitted when complete. All the questions, and every sub-field, are required.

**The Application Registration must be submitted by the registration deadline date.** To submit the registration, the applicant needs to **save and lock** it. The applicant can save the registration—without locking—and return to it for further updates at any point up to the registration deadline. To save and lock the registration, the applicant must answer the final question on the registration that asks if the registration should be locked. Once locked, the registration questions cannot be changed.

### Lock and Save Question

Click this checkbox to lock all answers in this section then click the “Save” button to complete the Application Registration. Changes cannot be made to this section once you complete the Application Registration.

\*

When the registration is “Locked and Saved”, most of the answers in the registration flow directly to specific questions in the Application. Once locked, the corresponding application answers cannot be changed.

**TIP:** You will no longer be able to edit your Application Registration after locking and saving your responses. Since your registration answers directly impact several Application questions, it is a good idea to keep your registration unlocked until you're ready to submit it prior to the registration deadline.

### Example of Questions in Application Registration

### Example of Corresponding Questions in Applicant Information

Answers to each field are populated in one of three ways:

1. pre-populated\* based on your organization’s data in AMIS;
2. selected through a dropdown picklist; or
3. selected through a lookup where the user begins typing into the field and the possible answers, based on data in AMIS, display from which the user must select.

\*Note that to change an answer to a pre-populated question, you must change it in AMIS first. The answer will flow to the registration. (You may need to refresh the application for the change to update in the registration.) Changes made in AMIS after the registration is locked will not be reflected.

To modify the pre-populated data:

1. Log in to AMIS.
2. Click on the “Organizations” tab and select your organization.
3. On your organization’s detail page, find the information you want to edit and double click the field.
4. Edit the field and click “**Save**”.

**6.4 Applicant Information**

PLEASE NOTE: Some application questions do not have corresponding guidance below. For questions without guidance below, *Applicants* should refer to the prompts within the electronic application and any other published application materials.

**Questions 2 & 3:** You will be asked to provide general information about the *Applicant* and *Controlling Entity* (if applicable).

- a) The *Applicant's* name will be populated automatically by the data in your AMIS account. You will not be able to alter this data point in the electronic application.
- b) The *Applicant's* EIN will be populated automatically by the data in your AMIS account. You will not be able to alter this data point in the electronic application. **If you need to modify your EIN, you will have to file a service request through AMIS.**
- c) The *Applicant* will indicate if their organization is a For-Profit or Non-Profit entity by selecting from the picklist. In the Multi-picklist below, select all that apply to your organization. To select multiple entries, hold down the Ctrl key as you click on each descriptor. If none of these descriptors apply, please select "None of the Above" at the bottom of the list.
- d) You will be asked in Questions 2(d) and 3(e) if the *Applicant* and *Controlling Entity* (if applicable) is *Minority-owned or Minority-controlled*. Applicants should refer to the glossary for the definition of *Minority-owned or Minority-controlled*.
- e) You will be asked in Questions 2(e) and 3(f) if the *Applicant* and *Controlling Entity* (if applicable) is *Native American-owned or Native American-controlled*. Applicants should refer to the glossary for the definition of *Native American-owned or Native American-controlled*.
- f) You will be asked in Question 2(e) if the *Applicant* is a domestic corporation or partnership for federal tax purposes. **If the Applicant is not a domestic corporation or partnership for federal tax purposes, it is not eligible to apply for a NMTC Allocation.**
- g) The *Applicant's* date of incorporation will be populated automatically by the data in your AMIS account. You will not be able to alter this data point in the electronic application.
- h) The *Applicant* will enter their total assets as of the date of this Allocation Application.
- i) The *Applicant's* fiscal year end (month/day) will be populated automatically by the data in your AMIS account. You will not be able to alter this data point in the electronic application. If this information is incorrect you may return to your Organization record by clicking the Organization hyperlink on the top of the application page. This will open your Organization record and the Fiscal Year end, (month/day) can be changed in the "Organization Type Section".

- j) You will be asked in Question 2(j) if *Affiliates* of the *Applicant* are also applying for a NMTC allocation in the CY 2024-2025 NMTC Round. **If you select “Yes”, then the Applicant is not eligible to apply for a NMTC Allocation.**

In Question 3, you will be asked if the *Applicant* is designating a *Controlling Entity*. You must select the answer again **regardless** of how you respond to the question in the registration.

In Question 3, you will be asked to select the track record of either the *Applicant* or *Controlling Entity* to complete all tables in Exhibit B, as well as Table D1. Your selection will be pre-populated in the tables.

### **Questions 5:**

You will be asked to select, from a drop-down menu, the individual(s) from your organization that you would like identified as the *Applicant Authorized Representative*, *Controlling Entity Representative* (if applicable), *Application Contact Person* (for this application), and *Public Contact Person*. Once you select their name from the drop-down search, their information will be auto-populated. If any of this contact information needs to be edited, the contact must log in to their AMIS account and edit their own information. If you would like to identify an individual that does not appear on this list, you will need to add this person to the list of users for the *Applicant* organization in your AMIS account.

It is **strongly** recommended that the *Application Contact Person* listed is someone other than the *Applicant Authorized Representative* since the CDFI Fund will contact both individuals during the course of the *Allocation Application* review with questions or requests for additional information regarding the *Allocation Application*.

### **Question 6:**

If the *Applicant* selects “Yes” to indicate they have already been certified as a *CDE* by the CDFI fund, a field will appear on the page auto-populated with the *CDE* Control Number by data in the CDFI Fund’s *CDE* certification database. If a *CDE* certification Control Number is not automatically populated in Question 6, this means that the CDFI Fund has not approved a *CDE Certification Application* from the *Applicant*. **The Applicant will not be able to submit an electronic CY 2024-2025 NMTC Allocation Application if a CDE Certification Control Number is not populated in Question 6.**

If you believe the *Applicant* has submitted a *CDE Certification Application*, and thus a Control Number should appear in Question 6, please submit an AMIS Service Request, set the Record Type to “General Inquiry” and the Type to “*CDE* Cert – General Question.”

In the meantime, you may continue to complete and save information in other parts of the application. However, you cannot submit an electronic *Allocation Application* until such time as a *CDE Certification Control Number* automatically populates in Question 6.

- Questions 7-8:** You will be asked to select your service area, which **must be the same as the service area designated by the CDFI Fund in its official letter of CDE Certification** for your organization. If your organization has not yet been certified as a *CDE*, then it should be the same service area designated in your *CDE Certification Application*. If your organization has indicated in 6(b) that you are requesting a service area amendment, you should describe your service area including the requested amendment.

  - b) In Question 8, Select “Yes” if a National Service area then identify the state(s) you intend to serve. Select states by using the multi-select dropdown list of states. Use the CTRL key while clicking to select multiple states. Click “**Save**”.

### 8.3 Submitting your Application

- 1) To check which subsections have been marked complete, look for a green checkmark next to that section on the menu bar. Sections that are incomplete will not have a checkmark and will prevent you from successfully submitting the application. **You will not be able to submit an application until all items are marked complete. If you attempt to submit your application before all subsections are complete, you will receive an error explaining which subsections remain incomplete. Go back and correct those subsections.**

#### Example of Error Message for incomplete sub-sections

If you believe that items that are complete are incorrectly showing up as incomplete, please submit an AMIS Service Request, set the Record Type to “General Inquiry” and the Type to “NMTC – AMIS technical Problem.”

- 2) The last question you must complete is Question 12 (Time to complete). Return to this section and answer. **You must answer this question to successfully submit your application.**
- 3) Before you submit your application, the CDFI Fund recommends that you print and review your application (see section 8.1). **ONCE SUBMITTED, YOUR APPLICATION RESPONSES MAY NOT BE ALTERED.**
- 4) The *Authorized Representative* will need to attest that the information provided in the application is accurate and complete to the best of your organization’s knowledge. Before proceeding to this section, make **SURE** your application is complete, including the upload

of all required supplementary documents and table information that may be required in the question or exhibit pages.

- 5) If you designate a *Controlling Entity* in response to *Allocation Application* question number 3, from the Post-Submission and Signature Instructions page, you must click the “*Controlling Entity Signature Page*” link to generate and print a *Controlling Entity* signature page. After the *Controlling Entity* signature page is signed by the *Controlling Entity Representative*, it will need to be uploaded it as an attachment to the Allocation Application in AMIS.
